The Brushkin Story

The story of the Brushkins' beginning is as intriguing as the product itself. Sixteen years ago Michael and Dinah Dychinco, a young couple in the Philippines, looked at a scrub brush and began a dialogue about what could be made with that brush. That dialogue and a pair of scissors combined with a huge amount of ingenuity, hard work, and creativity has produced a thriving manufacturing business. That business now creates over 700 styles of exquisitely made ornaments, figurines, pencils, and magnets. Production provides jobs for over 400 people who are giving their families an increased standard of living and more educational opportunities.

The line is sold throughout the world. Nature's Accents is both proud and fortunate to have been the exclusive US distributor for 13 years. The attention to detail by the artisans and the high level of quality control makes it a very unusual product in today's world of mass-produced merchandise. It is

Children love collecting them, but they are not intended to be toys.

a very "green" product - made from natural substances with no destruction of trees or plants. We are in the process of getting the maker certified as a fair trader. My close connections over the years with the factory and manufacturer has made me very comfortable with the ethical values of this organization.
